Poloff delivered reftel demarche to Mawazo Paul Kaducha, head of U.N. Systems at the Ministry of Foreign Affairs' Department of Multilateral Cooperation, on February 27. Kaducha did not have an update on the Government of Tanzania's progress toward enacting draft legislation for a national authority and national plan required under the Chemical Weapons Convention. Poloff reminded Kaducha of the target dates of May 2006 and December 2006, respectively, and Kaducha said he would consult with colleagues regarding the status of such legislation.
